VOLUME XII

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, NOVEMBER 11, 1908.

## Death of Mrs. Lucien Moore.

A frightful runaway occurred on Burket Street last Friday afternoon. Rev. J. R. Crawford and little daughter left their home for the square in a buggy. Whereas the Presbyterian church the boy became scared and started at a rapid rate, running over an embankment upsetting the buggy, but fortunately the occupants were not hurt. The boy pulled loose from the vehicle and ran to the square and was stopped. Staples and Flowers store. All the damage a wrecked buggy and a way skinned places on the horse.

Mr. S. T. Hughes, who recently sold his farm, informed the Nestor Friday that in all probability would remove to Columbia. It is his intention to permanently locate, but to remain until he decides we will purchase a farm or open up business of some other character. Mr. Hughes and family are excellent people and would be valuable acquisitions to this community.

Mr. Lee Grissom purchased last week the residence from J. H. Eggerin which the latter resides, the Tutt addition. He then exchanged this piece of property for the residence on Greensburg street, owned by Mrs. Sallie M. Shepherd, paying a difference of \$200. Mr. Grissom will remove to this last named dwelling as soon as he can get possession. It now occupied by Mr. June Pickett.

It was reported here last Thursday that the woods, near Edge, this county, were on fire and it a great deal of damage was held done to valuable timber. Mr. Jas. Page, of this place, who has a great many staves in that locality, left at once with a number of hands and several teams to save his property.

The meeting which has been in progress at Tabor for the past few days closed Sunday. There were several conversions during its progress. Rev. R. L. Tally, who did the preaching, goes from Tabor to Foothills Valley church to hold a meeting.

What should attract the attention of the people of Adair County the building of the pike from here to Green County line. Of course Water is almost at us, but solicitors of stock could get busy and be ready when the clouds come to begin to work.

Ed. Leslie Bottom will commence a meeting at Dunnville next Sunday. He has been very successful in his evangelistic work during the last few months. From Dunnville he will go the Watson's Chapel, thence to Echancan in Pulaski County.

Mrs. Susan Tucker, who we the wife of Mr. H. H. Tucker, Cay Creek, died Monday of last week. She was about 30 years old and had been a consistent member of the Christian Church since early girlhood.

A son of Mr. C. C. Bottom, Knifley, accidentally cut his foot with an axe a few days ago. He has been very dangerous, having caught cold, but he is now thought to be better.

Mr. Frank Sinclair has set his stock of goods and rented his store to H. B. Ingram & Sons for year with the privilege of three. The inventory will take the first of January.

Mrs. A. G. Wallace will operate on Dr. McChord for appendicitis at Lebanon, Monday afternoon. Word from the infirmary states that Mrs. Wallace is doing nicely.

Beginning next Sunday the post office will be opened at 4 o'clock in the afternoon and remain on one-half hour. Persons will govern themselves accordingly.

Rev. J. R. Crawford preaching a series of sermons at the Presbyterian church this week. The community is cordially invited.

One mile of the pike on Knifley intersecting the Campbellville pike has been completed. This is stretch of five miles.

Ed. F. Turner will preach at Mt. Pleasant Church next Sunday forenoon. Every body cordially invite.

Keep your eye on the odd times promised by the Republicans in the event of Taft's election.

Turkeys that do not want to be consumed on Thursday the 26th instant, had better roast high.

New corn is selling in this market at from \$2.50 to \$3.00 per barrel. Olivered.

The post office at Watson, this county, has been discontinued.

The election is over, but the pace is still on.

## Death of Mrs. Lucien Moore.

It will be remembered that we stated last week that Dr. W. R. Grissom had accompanied Mrs. Lucien Moore to Louisville, the latter to be operated upon for cystic tumors. Mrs. Moore stood the trip to the city very nicely and Friday morning she went under the knife, the principal surgeon being Dr. H. Watson, who removed two tumors, the operation being very successful. Dr. Grissom returned home Saturday night and Sunday morning the news of Mrs. Moore's death reached Columbia. She lived about thirty hours after the operation. Besides the tumors Mrs. Moore was otherwise seriously afflicted, and it would have been impossible for her to have lived but a few weeks without an operation. The operation was the last resort to save life.

The remains were embalmed and shipped to this country Monday morning, and the afternoon all that was mortal of the deceased was buried in Pleasant Hill cemetery, after religious exercises.

Mrs. Moore was a daughter of Marion Edrington, who died many years ago. She was also a niece of Mr. Gaither Bryant, besides she had many other relatives in Adair County. A large circle of friends attended the funeral exercises and burial, every body in the deepest sympathy for the bereaved husband and motherless little children.

## The Condition of the Pike.

The pike from here to Campbellville is very rough at this time, and very slow time is being made. Rock has been put all along the route, but it was crushed too large, and it will be several months before it is beaten down.

The heavy loaded wagons soon took the pike, overwhelmed over the sides which have become so rough.

When a rain comes, the route from here to Campbellville will be over large rock or through a "loblolly." The only way out of the difficulty would be fine crushed rock over the course. We hope the management will take this matter under consideration and make an improvement in the present slow travel.

## A Card.

### Editor News:

Will you kindly give notice through the columns of your paper that on account of my health and the building of the U. B. Church in Columbia, I withdraw my appointment for next Sunday in the Baptist Church, and all appointments in the future indefinitely for the section of our Church.

For the section of our Church, I will call me out of town, as this embarrasses me and the public if I try to keep up a regular appointment. Also, I want to thank the Baptist people for the kind offer of their Church.

A. C. Blake.

Pemberton Bros.

New tobacco has been on the market in Louisville for two or three weeks. A gentleman who was in Louisville last week states that he saw a hoghead of ground leaves, Burley tobacco, sell for \$1.50 per hundred.

The man who sold it was present, and he said that he concluded to pick up the ground leaves, prize them, and ship to market, to see if that quality of the weed would sell at any price.

Notwithstanding there will be forty days until Christmas, the young people have commenced planning for the holidays. It is already announced that a number of young ladies and gentlemen from a distance will be here to spend Christmas week.

W. T. Grissom,

Committee

Remember that Pemberton Bros. and Henry Althaler will be here next Friday to buy mules and horses. See their ad in another column.

Rev. A. R. Kasey was greeted with large congregations last Sunday afternoon and evening, preaching very entertaining and instructive discourses.

We learn from Mr. J. F. Montgomery, who came into possession of the information by tradition, that the Mt. Gilead country, embracing a part of Green and Adair counties, once contained as citizens, who were farmers, traders, etc., the wealthiest men in this section of country. Many of the wealthy families who resided in this locality, removed to Southern Kentucky long before the war of the rebellion broke out. It is not likely that any of the heads of these families are now living.

Mrs. Amanda Wallace, of Columbia, a very estimable lady, left for Lebanon last Friday to be operated upon for appendicitis. Dr. McChord was down to see her a few days before her departure, telling her that an operation was the only relief. It is hoped by Mrs. Wallace's many friends that the operation will be successful and that she will soon recover.

Mr. John Bell and family, of this place, will leave here to-day for Huntington, Ark. Mr. Bell leaves with the intention of coming back in about a year, but says something might turn up to cause him to remain permanently in Arkansas. Mr. Bell has a brother in Huntington whom he has not seen for twenty-six years, and this trip is made principally to see and be with him for a few months.

The meeting at Tabor closed last Sunday night. During its progress Rev. Tally preached strong and entertaining sermons. As a result of the meeting the Church was greatly reinvigorated, and there were three additions, one to Tabor and two added to the Columbia congregation. Messrs. Leslie Chapman and Mont Waggoner joined here and Mr. Bryan Garnett at Tabor.

Wood fires are safe at a number of points in Adair and Taylor counties last week. It is reported that fire across the river from Dumbarton got started from a field where G. W. Redman's cornfield, doing considerable damage. Mr. Redman lives in Campbellsville and owns a river farm. It is said a great deal of damage was done near Eunice and the Miller Fields, this county.

The old District School is filled for Thursday evening the 19th inst., at the Court-house. There are about forty persons, the old residents of the place who will make up the school, and will be very anxious and doubtful the courtroom will be filled with anxious people, who want to see how a school was taught in the days of "Auk Lang Syne."

Mrs. Georgia Shelton, County Superintendent, has been notified by J. G. Crabb, State Superintendent, that the school money will not be here next Saturday, taxes coming in slowly. It will only be a short time until the check arrives and when it reaches Mrs. Shelton she will notify the teachers through the news.

News announcing the burning of the business house and stock of drugs, the property of Dr. C. M. Murrell, Elizabethtown, New Mexico, was received here a few days ago. The loss is estimated at three thousand dollars, insurance, \$1,500. We are not informed as to the origin of the fire.

Asbury Chapel, a house erected by the Methodist people, near old Tampico, was dedicated last Sunday. The Chapel was crowded to its utmost capacity, affording a seat to all who stood upon the outside, failing to gain entrance. There was dinner on the ground, sufficient for every body.

Mr. Jason Brodus, of Henryville, Ind., and Miss Flora Cook, of Campbellsville, were married in the parlors of the Columbia Hotel last Thursday morning, Eld. Z. T. Williams officiating. Immediately after the ceremony the couple left for Campbellsville.

Robt. Hudson, the baker, has quite running his wagon, and all persons wanting bread will call at the Isenberg corner. He is also conducting a first-class restaurant. Fresh oysters, beef stake, coffee and milk served at all hours up to ten o'clock at night.

Notwithstanding there will be forty days until Christmas, the young people have commenced planning for the holidays. It is already announced that a number of young ladies and gentlemen from a distance will be here to spend Christmas week.

Mr. H. C. Fiske was awarded the contract to build a cottage for Mr. J. C. Strange, on Burkesville street. The frame is now up and the building will be completed in a few weeks.

Rev. A. R. Kasey was greeted with large congregations last Sunday afternoon and evening, preaching very entertaining and instructive discourses.

## A Cosmopolite.

Mr. Robt. Ball, who many years ago, was well-known in this section, visited at the home of his nephew, Mr. B. F. Chevington, last week. He is now eighty years old and at the age of nineteen, if we are correctly informed, he left this section of the State, traveling almost constantly until two or three years ago, when he returned to Green County and for some months he has been staying at Campbellsville. He is a son of Col. Robert Ball, who built the first court-house in Columbia, the years 1808-09.

Col. Robt. Ball was a very ardent Baptist, and when the Reform movement was started in this county, seventy-eight years ago, he was one of the principal movers being Uncle Johnny Steel, who left the Baptist Church and joined the Disciples, called Christians by many, Mr. Gilead was the hot bed of people who held to that faith, and debates were frequently held in that church between a Baptist minister and a Christian preacher.

Upon one occasion Eld. Steel went to the church to preach and found the door locked, and he thereupon commenced preaching from the steps leading into the church. Col. Ball was present and when Uncle Johnny made some statements that met his disapproval, he took a runing shot and butted him in the back with his head, knocking him from the steps.

## Graded School.

On the 28th of this month a vote will be taken to determine whether or not a Graded Public School shall be established in the district composed of East and West Columbia. This is a question of vital interest, yet it is not understood by many of the people, who will be expected to cast their vote for or against it. The fact is that only a small per cent of the people are familiar with the proposition and only a little over two weeks until it must be settled.

We suggest that a meeting be held in the Court-house at an early date for the purpose of giving information that will prepare every one for an intelligent vote. The tax must be increased which is not an inviting step for the people. The location is another proposition that concerns the people and if the proposition is carried in introduction it is worthy of a full and fair investigation and to determine whether it shall be established or defeated ought to rest on the broadest information possible to give. The News renders any reasonable amount of space for its discussion and we trust that the people will use it.

#### A Dozen Dont's.

Don't keep old stock nor drones it don't pay.

Don't let the young cockerels run with the pullets.

Don't forget to save a few barrels of road dust.

Don't put off fixing up the poultry houses till cold weather.

Don't forget to put in one or two cloth windows for fresh air.

Don't forget to put away some green stuff and clover for the winter months.

Don't put your fowls in winter quarters without a thorough cleaning of the floors, roosts and interior.

Don't let the fowls waste the feed—a shallow box with a slate follower will do the business.

Don't forget that a wire screen door is as beneficial in winter, as in summer, for the hen house.

Don't advertise yourself as a specialist, or an expert, if you have not exhibited your stock at the poultry shows.

Don't forget that plenty of fresh air, as well as clean food and fresh water, is essential to good health and prosperity.

Don't let the nesting material remain too long in the nests; fresh straw with tobacco stems, or lice powder, in the nest boxes, is very attractive to "biddy."

#### Go to Work.

Young man, go to work! There is no time to be idle now.

You must carve out your own way if it is ever successfully carved. You must carve out your own way by energy, perseverance and pluck. Labor is honorable, and the ignoble are those who will not work. Get busy. Fence a field and plant it, and gather the comforts of home.

If you have made a fortune for energy and thrift, young lady to share with you. We would like to see you.

#### Mr. Taft--Himself.

The President-elect has an opportunity to make himself a splendid Chief Executive simply by being different from Theodore Roosevelt. A man of poise, dignity and reserve, he will be the stronger President for being himself rather than the proxy of his predecessor. The American people are tired of shouting, screeching, bronco-busting and vaudeville in the White House, and they cast their votes for Mr. Taft despite, rather than because of, his attitude of a "me-too" candidate. They will be a greatly disappointed people if he follows in the Roosevelt path or undertakes to give an imitation of Teddy.

By temperament Mr. Taft is one averse to the practice of rocking the boat. He is not by nature or by practice an agitator. The people evidently were in a mood to say, "Let us alone." They felt that under Mr. Taft the country would be little disturbed by drastic policies or important legislation. They wanted a rest. Mr. Roosevelt was the source of that feeling. Mr. Bryan's promise of sound reforms they construed as a pledge that might prolong the disturbances of the Roosevelt Administration. And so, for a rest they chose Taft.—Louisville Times.

In the trial of the Standard Oil wicked only when it leads to a personal or political enemy of Theodore Roosevelt?

your reports that Tim Corbin,  
who cultivated his farm this  
year had more one hundred and  
fifty barrels of corn.

Mr. A. W. Tarter, of Columbia,  
was shaking hands with men of our town last  
Friday.

Messrs Diddle & Parson our  
efficient mill men, reported  
their business increasing daily,  
and it seems without saying their  
flour in good demand and  
giving universal satisfaction.

Adam Wilmore was on the  
sick list a few days of last week.

Mr. R. L. Caldwell, of Mill-  
town community, was the guest  
of Mrs. C. O. Moss a day or so  
last week.

Mrs. W. M. Wilmore and her  
daughters, Misses Clara and  
Audrey, visited the family of  
Grissom at Bliss, one afternoon  
last week.

Rev. Johnston filled his regular  
appointment here last Sunday  
with an interesting discourse.

The majority of our farmers  
are claiming that the corn crop  
in this section of the county is  
no better than it was last season.

Messrs Will Wilson and P. V.  
Grissom, two popular drummers  
of Columbia, were shaking hands  
with our merchants last Friday.

W. L. Grady handed your re-  
porter a letter that he had just  
received from F. C. Newton, of  
Fayetteville, N. C., stating that  
he wanted to buy a peacock colt,  
regardless of price. Mr. Grady

also informed us that Mackin &  
Phillips of Lebanon, had sold to  
Captain Lamont, of Washington,  
City, one Peacock gelding for  
\$350. This horse is said to be

one of the finest saddle horses  
that ever left Adair county.

There was three very sen-  
sational things happened here  
on the day of our last election  
(to-wit) Uncle Geo. Flowers,  
one of our oldest citizens, who  
has been a life long Republican

never was known to vote any  
other way only the strait ticket  
and was one of the first to cast  
his vote, made a mistake and  
only voted for one Republican  
elector. An other was Mr. W.  
W. Sexton, a live long republi-

cian who came up and voted and no  
doubt was feeling extremely well  
we'll from the outside appear-  
ance of his parties success in  
this great election challenged

some one for a wrestle which  
was accepted by one, Cager  
Jones formerly of Columbia, who  
gave him such a fall that rendered  
him unconscious for several  
hours, but with the medical skill

of Dr. L. C. Nell and the assist-  
ance of his many friends he was  
brought to his consciousness after  
several hours treatment. The  
Democrats on first sight of Mr.  
Sexton wanted to know whether  
he had voted or not. An other

was after the reports began to  
come in that Mr. Bryan was  
elected, Mr. Thos. Garner one  
of the staunch Democrats of this

section stepped off of Wilmore &  
Moss platform a distance of four  
or five feet rendering him un-  
conscious. Dr. L. C. Nell also  
tried his hand on a Democrat and

his treatment was found to be  
good for both Democrats and  
Republicans on the election day.

With the three exceptions the  
day passed off quietly, and we  
Democrats did the very best we  
could. We feel that we discharged

our duty, fought a good fight  
and we take it our Rep-  
did likewise. As it is  
with now we shall ex-  
pect a better time  
general.

Mr. Jo Moore informed  
during the month of September,  
he found a ladies cloak on the  
Columbia road between Bliss  
and Columbia. Any one describ-  
ing the cloak can get it by call-  
ing on Mr. Moore.

Mr. Lewis Cabell of Miami,  
was in our midst, Thursday.

Married on Sunday evening the  
8th, at 3 o'clock, Miss Lizzie  
Yates to Mr. Gilmer Breeding.

The rites of matrimony were  
solemnized in a very impres-  
sive manner by Rev. Geo. Breeding.

The attendants were Misses  
Kate Walker and Celeste Shirley.

Rev. Geo. Breeding is the  
accomplished daughter of  
Mrs. John R. Yates, of

while the groom is the  
son of Mr. and Mrs. Jesse

of Nell community, two  
prosperous farmers. As it is  
the popularity of the young

couple were two hundred  
guests invited to hear the  
ceremony.

Immediately after the  
ceremony they repaid to  
some of the groom's friends  
a similar repast.

Many success attend the  
young couple and their  
many friends.

of newspapers and usually printed in red ink must be given benevolent assistance, the cost of a campaign, the cost of the Boer war, to stagger humanity. The country is saving its campaigns. It has tried to economize and has never been able to spend money for illegitimate purposes even if its managers would do so. It is a matter of his duty that it now be told that the late Senator James K. Jones of Arkansas who chairman of the Democratic national committee in 1896 returned to his office a check for \$30,000 that he had sent to headquarters three days before election, too late for use legitimately, said Chairman Jones "and we have no desire to use money illegitimately." In next campaign the Democratic party had about \$900,000 in its national treasury. The Republican national committee is credited with having anywhere from \$1,000,000 and \$10,000,000. In 1900 the Democratic national committee received, roughly speaking, about \$375,000. It made an attempt at a creditable campaign which the result of course was defeat. Yet so careful were the finances of the committee here that at the end of the campaign \$20,000 remained in the treasury to be turned over to the next national committee selected in 1904.

#### Bryan's Campaign Funds.

This year the publics' confidence in the campaign funds is to be considered. Through state fairs, partly through more enlightened public sentiment largely because of the insistence of the Bryanites in the publication of contributions to individuals and complete nothingness of considerable contributions needed by the same of subscriptions to the underwriter, other conditions will be all the hand. This will be the last point.

Ohio shortly started what is known as the League of Thirty Cent Clubs. Its general description asked to the members is 30 cents. But the club does not care about the endless chain of considerations bring in some remittances, besides interesting a multitude of people in a cause to which they are contributing.

For twelve years, he has stood in the white light of party prejudice and party passion.

For twelve years, no word or

of his has escaped the scrutiny of 80,000,000 of his fellow citizens.

For twelve years, his private,

no less than his public life has

been an open book and its readers have more often been enemies than friends.

For twelve years, he has paid

to the full the price exacted by

the American people of the man

who seeks unselfishly to serve them.

At the end of it all, he sees the

defeat of all for which he con-

tended, the seeming triumph of

every evil against which he fought.

Politically, Mr. Bryan is again a defeated leader. Yet

when the final count is taken and the full impress of his work for fair dealing between man and man, for the rights of the oppressed, for honesty of government, is made known, Mr. Bryan, though he may not live to see it, will be given in full measure the abiding honor that comes from duty done for duty's sake and a life lived that the lives of others might be the happier and the better.

Mr. Bryan may never wear the

title nor be accorded the temporal honors that wait upon the Presidency. He will wear for all time the title of a true and great manhood and be accorded always the enduring tribute born of exalted character and sacrifice for others. —Louisville Times.

#### AND NOW FOR WORK.

Well, anyway, whether it suits you or suits me, one thing is certain—"the country ain't a-going to Hell!"

In the nature of things you can't please a Democrat and a Republican at once and the same time, and if you should contrive to please a Socialist, why he wouldn't be a Socialist.

This is some country after all is said and done, and though we say it ourselves more frequently and more flauntingly than modesty requires, we are some people, too. Every four years we wash our dirty linen in public; every four years we attempt a colossal house-cleaning and sometimes we achieve it.

The country, however, through

#### Reelfoot Lake Cases.

Camp Nemo, Reelfoot Lake

Tennessee, Oct. 31.—"We know

who find the shot and who put

the rope around Rankin's neck,"

said G. T. Patterson in a state-

ment this afternoon just before

his departure for Union City,

where a special grand jury is

investigating the night rider

depradations in this section

which culminated recently in the

murder of Capt. Quentin Rankin.

The Governor in his statement

said:

"The proof which has thus far

developed is positive as to the

guilt of some of the men under-

arrest, and implicates many

others. This will all be present-

ed to the court at the proper

time, and a long step has been

taken to discover and suppress

lawlessness in this region.

"Conditions have been ex-

tremely bad, the night riders to

another until the culmination

came with the murder of Capt.

Rankin and the attempted mur-

der of Col. Taylor. We know

who fired the shot and who put

the rope around Rankin's neck.

"The number of men actually at the killing was probably not

more than ten, while some stood

guard others held horses. The

whole number engaged in the

undertaking did not exceed thirteen.

"The inquiry will be further

prosecuted and the State will

have exact evidence to convict.
